

*Wolfville School Grade 7 team  
wins first place for Core French  
at AVRSB Face Aux Questions Competition  
November 2011*

Two teams each of grade 7 and grade 8 core french students represented Wolfville School extremely well at the 2011 AVRSB Face Aux Questions competition. All team members were strong competitors and excellent ambassadors for our school.

Our two grade 7 teams went undefeated through round robin play to face each other in the final. After a fast-paced and high-spirited round of questions, the team pictured above took first place!

To all students who participated, thank you for your commitment and hard work, and congratulations for a job well done. *Felicitations!*
